Earn money games app

Wouldn't it be great if you could distract at least some of the time you spend staring at your phone playing game apps to win money? You're on your phone anyway-you might as well make some money while you're at it. That's why we've compiled this list of the best gaming apps to help you win money today. While these game apps don't earn you enough to quit your job, they can be a fun way to take a break and earn some extra money. You use it as some nice money or add it to your savings account. Best Game Apps to Win Money There are many apps that can earn you money just for using them. If you find yourself playing candy crush or two dots mindlessly for hours, try switching to one of the options below. This way you will actually make money and have some mindless fun while you play. Payouts vary for each app and are everywhere from pennies to a few dollars at a time. Choose a few options from the list below and try them out. You might even find some new favorite game apps to win money. 1. Swagbucks There are many different ways to earn while using the Swagbucks app, and games are just one of many options. You'll be rewarded with swagbucks, which can be redeemed for prizes or gift cards to major retailers like Starbucks, Amazon, Walmart and so on. One of the cool ways you earn swagbucks is by playing free games like Swagasaurus Run or Swag Memory. There is a daily limit on how many swagbucks you earn from each game, so you come back every day to increase your earnings. More information: Swagbucks Review 2. Booodle Booodle is a free app that will reward you for trying out new apps and games. You earn Booodle coins every time you hand out a new game or app. And you also earn coins for other activities, such as answering questions, filling out special offers, discovering deals and referring friends. You use the coins you earn to get gift cards to retailers like Chipotle, Nike, Amazon and more. This app is only available for Android. Try Booodle for Android Today! 3. Mistplay Mistplay calls itself a loyalty program for gamers. Discover your new games, play the games, and earn points to do so. You use your points to get free rewards, such as gift cards to popular retailers like: Amazon/Visa/Xbox/Starbucks/Google Play/iTunes And more. The games you see on Mistplay are chosen based on your game preferences and habits. This means mistplay works hard to select games you like to play. Joe C. says on his Google Play review, so, as far as apps that give you real money, this is about as generous as I have. If you play here and there casually for a few hours, you can easily get \$5 in a week. Mistplay is currently available on Google Play, but there is an iOS waiting list. Click on the link above to install. More information: Mistplay Review 4. InboxDollars If you prefer money than coins or reward points, check InboxDollars. This free app offers a large selection of both free and paid games games can play to make money. Unlike other apps you redeem your earnings for actual dollars. There are over 30 free games you play, including word search, pool, pursuit, sudoku, card games and more. The average earnings per activity range from 25 cents to \$5, so it's easy for your money to grow. Once you are ready to pay out, you withdraw the money and deposit it into your bank account or savings account. You also find some of the other ways to make money with InboxDollars, including surveys, web searches and more. More information: InboxDollars Review 5. Lucktastic Are you addicted to scratch-off games? Lucktastic is a free game that can help you satisfy that desire and win money without actually buying physical tickets. Prizes can be up to \$10,000, so you have a chance of making real money. You also redeem your winnings for gift cards and other prizes. Most cash payouts are less than 25 cents, but if you're lucky several times, it can quickly add up. You also win points, which can be redeemed for prizes in the prize shop. Download on Android | Download on iOS Learn more: Lucktastic review 6. GameHag Gamehag is a great Google Play app to play games, complete surveys, and even create Youtube videos in cryptocurrency gems trading. You convert these gems into Steam Wallet money. The app is rated Teen. In general, it takes 20 minutes for games to be played. The number of games is endless. From puzzles to mobile games to 3D graphics and virtual reality games. That's why it offers lots of fun ways to make money. For anyone who plays games on a daily basis, this is a must have. 7. HQ Do you like showing off your trivia knowledge? If that's the case, you should definitely give HQ a try. This fun, fast-paced trivia game allows you to compete and win cash prizes. Players have 10 seconds to answer each multiple choice question. The app takes the form of a live game show, which airs daily at 21.m Eastern Time. There's usually another show at 3p.m. Eastern on weekdays too. You have to answer 12 questions to win the grand prize, which goes to the person who answers them all correctly. However, if several people answer all questions correctly, the prize will be split between all the respective winners. Daily prizes go up to \$5,000, with a price of \$25,000 on Sundays. Occasionally the prizes can be much higher - up to \$400,000. The HQ app is available on Google Play and the iTunes App Store. 8. Long game While Long Game can be a fun way to pass the time, it can also help you achieve your financial goals. To get started, you need to verify your identity and link your bank account to the app. You must then set a savings target, such as for a down payment of a car. Then determine each payday how much you want to add to your account. Each time you add money to your account, you earn coins to play games for cash prizes. All the money you put into your in-app savings account is yours. The account is FDIC-insured for added layer of protection and peace of mind. 9. Swag IQ Do you like the thrill of a good game show? Check out the free Swag IQ app for the chance to test your knowledge on a live trivia game show. You earn money just for playing, and a grand prize if you answer all the questions correctly. In true game show format, you will be presented with a series of trivia questions and multiple choice answers for each. You only get 10 seconds to select your answer. Make sure you make a selection before the 10 seconds are up or you'll be out of the running for the grand prize. Even if you don't go all the way to the top, you deserve Swag IQ's digital currency for answering questions correctly. You use it to get a second chance to win the grand prize or redeem it for cash or gift cards. 10. Bananatic If you want to be one of the first to play a new game and give your feedback, check out Bananatic. This app is used by game developers to test their new games, and get reviews and suggestions on improvements. It's also a fun community of gamers who can meet through the app, discuss the games, bugs, game development, and so on. In addition, you will be rewarded in the virtual currency of the game for playing games, promoting levels and writing reviews. You redeem your winnings for digital content, premium games and even gift cards. 11. Brain Battle Brain Battle has already given away tens of thousands of dollars to lucky players. They do this by sharing some of the advertising revenue with a lucky winner. There are no in-app purchases and no game to win. All you have to do is download this free app and play one of the games to collect tickets. You must receive at least one ticket to participate in the cash prize drawings. The more tickets you have, the greater your chance of winning the grand prize. The money is paid out by PayPal transfer. Brain Battle is available on the Google Play Store and iTunes App Store. 12. Lucky Day Feeling that gambling itching? Check out the Lucky Day app, which brings the casino to the palm of your hand. Choose from a variety of casino games, including slots, lotteries, scratch-offs and more. You have the chance to win real cash prizes, including a daily drawing for \$100,000. Even if you don't walk away with the top prize, you still earn points that can be used toward gift cards to popular retailers like Amazon. You also use the points to enter

lotteries, sweepstakes and lottery drawings. New scratch cards are available every day, so you come back and try your luck again if you didn't win the previous day. 13. Givling If you are struggling with student loan or mortgage debt, try the Givling app. Play your free trivia games at four- and five-digit win. You only get 10 seconds to answer each question, so there is no option to cheat by doing a quick online search. If you play the free trivia game at least 10 times per 30-day period, you are your In a random \$10,000 drawing. Another way to get cash is to queue funding for student loans or mortgage payouts. Your goal should be to get to the top of the queue by completing certain actions such as interacting with ads, participating in sponsorship offers, and so on. If you get to the top, you have a chance of winning \$50,000 to use toward your student loans or mortgage. 14. PCHGames This app is run by the Publishers Clearing House or PCH in short. Head to PCHGames to access scratch cards and win instant games where you win up to \$2,500. Some of the games available in the app are mahjong, solitaire, slots and more. You earn tokens that can be used to enter price drawings. If you're really lucky, you can win prizes up to \$1 million. In addition to getting lucky with a grand prize, you also redeem your points for fun giveaways like gift cards and merchandize. 15. Big Time Cash With over 600 fun games, the Big Time Cash app has something for everyone. When you play one of the games, you collect tickets. Use them to enter the frequent cash prize drawings. The more tickets you put in, the more likely you are to win. There are no in-app upgrades or purchases. You don't have to pay to enter any of the drawings - everything is completely free. Since the app uses some of its advertising dollars to fund the prizes, the more people participate, the bigger the payouts. The Big Time Cash app is available in the Google Play Store and iTunes App Store. 16. Pogo The Pogo app has a mix of both free and paid game options. There are many different choices, from arcade games to card favorites. The free version you play a variety of games to earn points and enter drawings. The paid version allows you to enter tournaments and compete for extra points. It also provides an ad-free gaming experience and provides access to additional games. With both versions you enter a daily drawing to win \$50. In addition, you can score a jackpot of \$500 just for playing games. 17. Blast The Blast app you save, earn and win money for playing games. To get started, pair this free app with your checking account and have these small amounts transferred to a high-yield Blast savings account. You earn different amounts by playing different games or completing missions. For example, you earn 25 cents for connecting candy, making 5 cents for collecting coins, or getting \$1 for conquering a particularly difficult level. In addition, you'll earn eXperience Points in the app for every mission you complete and for every dollar you save. As you collect more points, climb the leaderboard to have a chance to win one of the three The first place wins \$1,000, the second place wins \$50 and the third place gets \$25. Note that Blast is only available for Android phones at this time. There is a waiting list to get the iOS version when it comes out. If you're looking for some free game apps that can help you kill time also earn some money, there are plenty of options. Each game app is a little different and offers a unique opportunity to collect points, coins, etc., which you use toward prizes, cash or gift cards. Some of the apps also offer the chance to win significant amounts that can help you pay off your student loans, your mortgage, or simply pad your savings account. If there is a certain type of game that you enjoy playing, such as a trivia or game-show format, there are definitely options available that are free and can make you win real money. If you find yourself spending hours on your phone browsing the web or browsing social media for hours, try one of these apps instead. The payouts can add up pretty quickly over time and give you some extra spending money. And you never know – you can be one of the lucky big prize winners with the chance of scoring up to \$1 million. Have you played any of these free game apps? What was your experience? Share your feedback on one of Well Kept Wallet's social media channels. Channels.
